

# SUBJECT INDEX

Note: Abstract Index follows Author Index

## A

### ***Acanthamoeba* sp.**

Photomicrography of *Acanthamoeba* cysts in human cornea (letter), 628

### **Accommodation**

Accommodation and convergence insufficiency with left middle cerebral artery occlusion, 60

### **Acetazolamide**

Enhancement of the ocular hypotensive effect of acetazolamide by diflunisal, 332

### **Acquired immunodeficiency syndrome**

Acute unilateral toxoplasmic iridocyclitis in an AIDS patient (letter), 740

Brainstem ocular motility defects and AIDS, 437

Cytomegalovirus infection of the conjunctiva in AIDS (letter), 102

Ocular toxoplasmosis in patients with the acquired immunodeficiency syndrome, 653

Toxoplasmic retinochoroiditis as an emerging problem in AIDS patients (editorial), 738

### **Adenocarcinoma**

Pleomorphic adenocarcinoma of ciliary epithelium simulating an epibulbar tumor, 595

### **Afferent pupillary defect**

Afferent pupillary defect caused by hyphema (letter), 352

Bright light stimuli as a mask of relative afferent pupillary defects (letter), 98

### **Aging**

A review of 324 cases of idiopathic premacular gliosis, 533

Visual results with low-vision aids in age-related macular degeneration, 730

Zonular encroachment on the anterior capsular zonular-free zone (letter), 491

### **Allergy**

Allergic lacrimal obstruction, 48

### **Aminocaproic acid**

Intraocular pressure increase associated with epsilon-aminocaproic acid therapy for traumatic hyphema, 383

### **Anesthesia**

Ocular perforation from a retrobulbar injection, 35

### **Annular macular dystrophy**

Central sparing in annular macular degeneration, 286

### **Anterior chamber**

An aspiration-irrigation soft contact lens for maintenance of the anterior chamber (letter), 759

Complications of intraocular lenses placed backward in the anterior chamber (letter), 631

Management of anterior chamber depth after trabeculectomy, 41

Management of anterior chamber depth after trabeculectomy (correspondence), 508

Management of anterior chamber depth after trabeculectomy (correspondence), 767

### **Antibiotic drugs**

Postoperative instillation of low-dose mitomycin C in the treatment of primary pterygium, 715

The potential use of quinolones in future ocular antimicrobial therapy (editorial), 227

### **Antibody**

Immunohistochemical evidence of heterogeneity in macular corneal dystrophy, 65

### **Apert's syndrome**

Bilateral superior oblique muscle palsy associated with Apert's syndrome, 337

### **Aqueous humor**

Endothelial function and aqueous humor flow rate in patients with Fuchs' dystrophy, 270

A molecule resembling fibroblast growth factor in aqueous humor (letter), 230

Tissue plasminogen activator in human aqueous humor and its possible therapeutic significance, 719

### **Astigmatism**

The effect of suture removal on postkeratoplasty astigmatism (correspondence), 507

## B

### **Bardet-Biedl syndrome**

Visual acuities and dark-adapted thresholds of children with Bardet-Biedl syndrome, 561

### **Beta-blocker**

Comparative efficacy of the  $\beta$ -blockers for the prevention of increased intraocular pressure after cataract extraction, 168

Long-term betaxolol therapy in glaucoma patients with pulmonary disease, 162

### **Betaxolol**

Comparative efficacy of the  $\beta$ -blockers for the prevention of increased intraocular pressure after cataract extraction, 168

Long-term betaxolol therapy in glaucoma patients with pulmonary disease, 162

### **Biomicroscopy**

New lens system for indirect fundus biomicroscopy (letter), 367

### ***Bipolaris* sp.**

Ocular involvement in mycotic sinusitis caused by *Bipolaris* (correspondence), 240

**Birdshot chorioretinopathy**

Electrophysiologic studies in birdshot chorioretinopathy, 430

**Blepharoplasty**

Lipocauterization and thermal fixation in blepharoplasty (letter), 635

**Blepharoptosis**

Combined viable composite grafting and eyelid sharing techniques to prevent blepharoptosis after extensive tumor excision, 53

Epidemic keratoconjunctivitis associated with blepharoptosis (letter), 360

Recurrent blepharoptosis secondary to a pituitary tumor (letter), 760

**Blepharospasm**

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment, 45

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment (correspondence), 637

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment (correspondence), 764

**Books and Computer Software**

Acta XXV Concilium Ophthalmologicum, volumes I and II. Proceedings of the XXVth International Congress of Ophthalmology, held in Rome, Italy, May 4-10, 1986, by Blodi, F., Brancato, R., Cristini, G., d'Ermo, F., Esente, I., Musini, A., Philipson, B., Pintucci, F., Ponte, F., Scuderi, G., 510

Acute Anterior Uveitis, Ankylosing Spondylitis and HLA-B27, a thesis, by Houwer-Linssen, A. M., 114

A Brief History of Time From the Big Bang to Black Holes, by Hawking, S. W., 770

Cataracts. Transactions of the New Orleans Academy of Ophthalmology, by Caldwell, D. R. (ed.), 374

The Chief Resident as Manager, by Whitman, N., Weiss, E., and Lutz, L., 642

Classification and Diagnostic Criteria for Headache Disorders, Cranial Neuralgias and Facial Pain, by Cephalgia, an International Journal of Headache, 642

Clinical Light Damage to the Eye, by Miller, D. (ed.), 242

Clinical Trials Supported by the National Eye Institute, by National Institutes of Health, 113

Computed Tomography of the Temporal Bone and Orbit, by Zonneveld, F. W., 374

The Cornea. Transactions of the World Congress on the Cornea, III, by Cavanagh, H. D. (ed.), 641

Differential Diagnosis of Eye Diseases, ed. 2, by Pau, H., 243

Diseases of the Orbit. A Multidisciplinary Approach, by Rootman, J., 511

Headache, ed. 2, by Raskin, N. H., 374

The History of Ophthalmology, vol. 8b: The First Half of the Nineteenth Century (Part Five), by Hirschberg, J., 641

Immunopathologie de l'Oeil, by Faure, J.-P., Bloch-Michel, E., le Hoang, P., and Vadot, E., 243

Macroscopic Ocular Pathology, by Stefani, F. H., and Hasenfratz, G., 242

Management of Ocular, Orbital and Adnexal Trauma, by Spoor, T. C., and Nesi, F. A. (eds.), 242

Medical Abbreviations: 5500 Conveniences at the Expense of Communications and Safety, ed. 4, by Davis, N. M., 243

The New Medical Marketplace. A Physicians Guide to the Health Care Revolution, by Stoline, A., and Weiner, J. P., 770

Oculoplastic, Orbital, and Reconstructive Surgery. Volume One, Eyelids, by Hornblass, A. (ed.), 113

The Ophthalmic Assistant. Fundamentals and Clinical Practice, ed. 5, by Stein, H. A., Slatt, B. J., and Stein, R. M., 769

Ophthalmology, by Galloway, N. R., and Vernon, S. A., 642

Retinal Detachment. Diagnosis and Management, ed. 2, by Benson, W. E., 510

Retinal Dystrophies and Degenerations, by Newsome, D. A. (ed.), 112

Tissue Banking, by Barr, A. R., and Fawcett, K. (ed.), 243

The World Through Blunted Sight. Revised edition, by Trevor-Roper, P., 769

**Botulinum toxin**

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment, 45

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment (correspondence), 637

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment (correspondence), 764

Treatment of acquired nystagmus with botulinum A toxin, 584

**Bromocriptine**

The effect of bromocriptine on anterior uveitis (letter), 488

**Bruch's membrane**

Visual loss caused by subretinal hemorrhage and rupture of Bruch's membrane after digital ocular massage (letter), 493

**Bullous keratopathy**

Pseudophakic bullous keratopathy, 264

**C****Calcium**

Calcifications in Coats' disease (letter), 742

Corneal calcification in dry eye disorders associated with retinoic acid therapy (letter), 753

- Corneal metastatic calcification in Werner's syndrome, 221
- Canaliculus**  
Teflon sleeve canalicular splints (letter), 367
- Capsule**  
Zonular encroachment on the anterior capsular zonular-free zone (letter), 491
- Carbachol**  
Intraocular pressure response to replacing pilocarpine with carbachol (letter), 747
- Carcinoma**  
Periocular basal cell carcinoma in adults 35 years of age and younger, 723
- Cardiovascular effects**  
Ocular ischemic syndrome secondary to carotid artery dissection (letter), 750
- Cataract**  
Comparative efficacy of the  $\beta$ -blockers for the prevention of increased intraocular pressure after cataract extraction, 168  
Corneal metastatic calcification in Werner's syndrome, 221  
Quantifying visual field damage caused by cataract, 480  
Zonular encroachment on the anterior capsular zonular-free zone (letter), 491
- Central serous chorioretinopathy**  
Local macular electroretinographic responses in idiopathic central serous chorioretinopathy, 546
- Children**  
Diffuse uveal melanoma in a 5-year-old child, 601  
Juvenile asteroid hyalosis and pre-Descemet's dystrophy (letter), 504  
Late recurrence in primary orbital rhabdomyosarcoma (letter), 92  
Ocular findings in partial trisomy 10q syndrome, 82  
Optic atrophy in children, 191  
Visual acuities and dark-adapted thresholds of children with Bardet-Biedl syndrome, 561
- Chorioretinitis**  
Unusual central chorioretinitis as the first manifestation of early secondary syphilis (correspondence), 110
- Choroid**  
Acute closed-angle glaucoma complicating hemorrhagic choroidal detachment associated with parenteral thrombolytic agents (letter), 752  
Ciliochoroidal detachment associated with stretched ciliary processes (letter), 357  
Expulsive choroidal hemorrhage following suture removal after penetrating keratoplasty (letter), 99  
Intraocular lens implantation following expulsive choroidal hemorrhage, 261  
Occult suprachoroidal hemorrhage and posterior scleral rupture (letter), 358  
Superotemporal coloboma of the iris, ciliary body, and choroid (letter), 506  
Unusual chorioretinal degeneration associated with sarcoidosis (letter), 490
- Ciliary body**  
Ciliochoroidal detachment associated with stretched ciliary processes (letter), 357  
Superotemporal coloboma of the iris, ciliary body, and choroid (letter), 506
- Ciliary epithelium**  
Pleomorphic adenocarcinoma of ciliary epithelium simulating an epibulbar tumor, 595
- Citrobacter sp.**  
*Citrobacter diversus* endophthalmitis following penetrating keratoplasty (letter), 632
- Closed-angle glaucoma**  
Acute closed-angle glaucoma complicating hemorrhagic choroidal detachment associated with parenteral thrombolytic agents (letter), 752  
Acute primary closed-angle glaucoma associated with hyphema (letter), 353  
Goniosynechialysis for secondary angle-closure glaucoma after previously failed filtering procedures (letter), 493
- Coats' disease**  
Calcifications in Coats' disease (letter), 742
- Collagen**  
Use of collagen corneal shields in the treatment of bacterial keratitis, 279
- Coloboma**  
Progressive visual loss caused by an arachnoidal brain cyst in a patient with an optic nerve coloboma, 322  
Superotemporal coloboma of the iris, ciliary body, and choroid (letter), 506
- Color vision**  
Correlation between color vision and highest intraocular pressure in glaucoma patients, 397  
Isolating the color vision loss in primary open-angle glaucoma, 686
- Computed tomography**  
Three-dimensional computed tomography in orbital osteoma (letter), 502
- Cone**  
Normal  $\alpha$ -L-fucosidase and other lysosomal enzyme activities in progressive cone dystrophy, 11  
Normal  $\alpha$ -L-fucosidase and other lysosomal enzyme activities in progressive cone dystrophy (correspondence), 639  
Progressive peripheral cone dysfunction, 557  
Retinal ultrastructural findings in cone degeneration, 405
- Congenital disorders**  
Acquired toxoplasmic infection as the cause of toxoplasmic retinochoroiditis in families (letter), 362  
Congenital glaucoma associated with a chromosomal abnormality (letter), 625

Congenital idiopathic microcoria, 590

Vertical abnormal retinal correspondence in three patients with congenital absence of the superior oblique muscle, 341

### Conjunctiva

Conjunctival Z-plasty in the treatment of pterygium (letter), 355

Cytomegalovirus infection of the conjunctiva in AIDS (letter), 102

Fibrous histiocytoma of the corneoscleral limbus and conjunctiva, 579

Source of the conjunctival bacterial flora at birth and implications for ophthalmia neonatorum prophylaxis, 458

### Contact lens

An aspiration-irrigation soft contact lens for maintenance of the anterior chamber (letter), 759

A contact lens for specular microscopic observation (letter), 627

Fungal keratitis in contact lens wearers, 708

### Convergence

Accommodation and convergence insufficiency with left middle cerebral artery occlusion, 60

### Cornea

Adequacy of the ELISA test for screening corneal transplant donors, 463

A centering device for the Hessburg-Barron vacuum trephine (letter), 633

Corneal allograft rejection following immunization, 575

Corneal calcification in dry eye disorders associated with retinoic acid therapy (letter), 753

Corneal edema related to accidental Hibiclens exposure, 210

Corneal metastatic calcification in Werner's syndrome, 221

Cyanide poisoning victims as corneal transplant donors (letter), 354

Immunohistochemical evidence of heterogeneity in macular corneal dystrophy, 65

Inferior corneal ulcers associated with palpebral vernal conjunctivitis (letter), 106

Intracameral thrombin and the corneal endothelium, 414

Juvenile asteroid hyalosis and pre-Descemet's dystrophy (letter), 504

Methenamine-silver staining in macular corneal dystrophy (letter), 630

Necrotizing ring ulcer of the cornea caused by exogenous *Listeria monocytogenes* serotype IV b infection (letter), 105

Photomicrography of *Acanthamoeba* cysts in human cornea (letter), 628

Ruptured globe after radial keratotomy (letter), 755

Topographic analysis and visual acuity after radial keratotomy, 692

Use of collagen corneal shields in the treatment of bacterial keratitis, 279

### Corneoscleral limbus

Fibrous histiocytoma of the corneoscleral limbus and conjunctiva, 579

### Corrections

Predictors of scleral rupture and the role of vitrectomy in severe blunt ocular trauma, 105:253; correction, 640

### Corticosteroid

Intraocular pressure response to topical dexamethasone as a predictor for the development of primary open-angle glaucoma, 607

The treatment of an enlarged sarcoid iris nodule with injectable corticosteroids (letter), 365

### Cryotherapy

Cryopexy of the vitreous base in the management of peripheral uveitis, 135

### Cyclodialysis clefts

Argon laser endophotocoagulator closure of cyclodialysis clefts (letter), 748

### Cyst

Progressive visual loss caused by an arachnoidal brain cyst in a patient with an optic nerve coloboma, 322

### Cystoid macular edema

Cystoid macular edema following epikeratophakia (letter), 746

### Cytomegalovirus

Cytomegalovirus infection of the conjunctiva in AIDS (letter), 102

The risk of cytomegalovirus transmission by penetrating keratoplasty (correspondence), 238

## D

### Dacryocystorhinostomy

Lacrimal intubation during dacryocystorhinostomy (letter), 635

Use of collagen absorbable hemostat in dacryocystorhinostomy (letter), 109

### Descemet's membrane

Juvenile asteroid hyalosis and pre-Descemet's dystrophy (letter), 504

### Diabetes

Uveitis and diabetes mellitus, 17

### Diabetic retinopathy

Optic disk neovascularization and retinal vessel diameter in diabetic retinopathy, 131

Transient severe visual loss after panretinal photocoagulation, 298

### Diffunisal

Enhancement of the ocular hypotensive effect of acetazolamide by diflunisal, 332

### Diplopia

Monocular diplopia accompanying ordinary refractive errors (correspondence), 369

**Down's syndrome**

Infantile glaucoma in Down's syndrome (trisomy 21) (correspondence), 638

**Drusen**

Optic disk drusen and pseudotumor cerebri (letter), 95

**E****Ectropion**

Administration of eyedrops in facial palsy (letter), 499

**Editorials**

Balancing the benefits and risks of intracameral thrombin (AABERG, T. M.), 485

Counseling the patient with a posterior uveal melanoma (SHIELDS, J. A.), 88

The potential use of quinolones in future ocular antimicrobial therapy (BORRMANN, L. R., and LEOPOLD, I. H.), 227

Predicting the risk of hereditary retinoblastoma (WIGGS, J. L., and DRYJA, T. P.), 346

Toxoplasmic retinochoroiditis as an emerging problem in AIDS patients (SMITH, R. E.), 738

**Eikenella sp.**

Recurrent lacrimal abscess caused by *Eikenella corrodens* (letter), 237

**Electro-oculography**

Ophthalmologic and electro-oculographic findings in Gardner's syndrome, 326

**Electrophysiology**

Electrophysiologic studies in birdshot chorioretinopathy, 430

**Electroretinography**

Local macular electroretinographic responses in idiopathic central serous chorioretinopathy, 546

**Embolism**

Accommodation and convergence insufficiency with left middle cerebral artery occlusion, 60

**Endophotocoagulation**

Argon laser endophotocoagulator closure of cyclo-dialysis clefts (letter), 748

**Endophthalmitis**

*Citrobacter diversus* endophthalmitis following penetrating keratoplasty (letter), 632

Traumatic *Haemophilus influenzae* endophthalmitis (letter), 497

**Endothelium**

Endothelial function and aqueous humor flow rate in patients with Fuchs' dystrophy, 270

Intracameral thrombin and the corneal endothelium, 414

**Enucleation**

Hepatic metastases of diffuse iris melanoma 17 years after enucleation (letter), 749

**Enzyme**

Acute closed-angle glaucoma complicating hemorrhagic choroidal detachment associated with parenteral thrombolytic agents (letter), 752

Adequacy of the ELISA test for screening corneal transplant donors, 463

Filtering bleb thrombolysis with tissue plasminogen activator (letter), 624

Normal  $\alpha$ -L-fucosidase and other lysosomal enzyme activities in progressive cone dystrophy, 11

Normal  $\alpha$ -L-fucosidase and other lysosomal enzyme activities in progressive cone dystrophy (correspondence), 639

**Epikeratophakia**

Cystoid macular edema following epikeratophakia (letter), 746

**Epiretinal membrane**

Clinicopathologic correlation of pigmented epiretinal membranes, 536

**Eyedrops**

Administration of eyedrops in facial palsy (letter), 499

A double-masked study of timolol and pilocarpine combined (correspondence), 369

**Eyelid**

Combined viable composite grafting and eyelid sharing techniques to prevent blepharoptosis after extensive tumor excision, 53

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment, 45

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment (correspondence), 637

The effect of omitting botulinum toxin from the lower eyelid in blepharospasm treatment (correspondence), 764

**F****Fibrin**

Filtering bleb thrombolysis with tissue plasminogen activator (letter), 624

**Fibroblast growth factor**

A molecule resembling fibroblast growth factor in aqueous humor (letter), 230

**Filtering surgery**

Goniosynechialysis for secondary angle-closure glaucoma after previously failed filtering procedures (letter), 493

Neodymium:YAG laser for the treatment of encapsulated blebs after filtration surgery (letter), 232

**Fluorescein**

The effect of fluorescein on various light-dependent blood glucose analyzers (letter), 496

**Fluorescein angiography**

Anaphylaxis following oral fluorescein angiography (letter), 745

**Fovea**

Foveal retinoschisis associated with senile retinoschisis in a woman (letter), 107

**Fuchs' dystrophy**

Endothelial function and aqueous humor flow rate in patients with Fuchs' dystrophy, 270

## G

**Gardner's syndrome**

Ophthalmologic and electro-oculographic findings in Gardner's syndrome, 326

**Genetics**

Autosomal recessive pericentral pigmentary retinopathy, 551

Bilateral superior oblique muscle palsy associated with Apert's syndrome, 337

Congenital glaucoma associated with a chromosomal abnormality (letter), 625

Corneal metastatic calcification in Werner's syndrome, 221

Infantile glaucoma in Down's syndrome (trisomy 21) (correspondence), 638

Inherited retinal venous beading, 675

Lacrimal anomalies in Brachmann-de Lange's syndrome (letter), 235

Ocular findings in partial trisomy 10q syndrome, 82

Ophthalmologic and electro-oculographic findings in Gardner's syndrome, 326

Predicting the risk of hereditary retinoblastoma (editorial), 346

Pseudoinflammatory macular dystrophy, 154

Visual acuities and dark-adapted thresholds of children with Bardet-Biedl syndrome, 561

**Glaucoma**

Congenital glaucoma associated with a chromosomal abnormality (letter), 625

Correlation between color vision and highest intraocular pressure in glaucoma patients, 397

Glaucoma and Klippel-Trenaunay-Weber syndrome (letter), 494

Infantile glaucoma in Down's syndrome (trisomy 21) (correspondence), 638

Long-term betaxolol therapy in glaucoma patients with pulmonary disease, 162

Long-term reduction of intraocular pressure after repeat argon laser trabeculoplasty, 312

The value of indices in the central and peripheral visual fields for the detection of glaucoma, 180

Visual loss caused by subretinal hemorrhage and rupture of Bruch's membrane after digital ocular massage (letter), 493

**Gliosis**

A review of 324 cases of idiopathic premacular gliosis, 533

**Globe**

Ruptured globe after radial keratotomy (letter), 755

**Goniosynechialysis**

Goniosynechialysis for secondary angle-closure glaucoma after previously failed filtering procedures (letter), 493

**Graves' disease**

Analysis of tear proteins in Graves' ophthalmopathy by high performance liquid chromatography, 186

## H

**Haemophilus sp.**

Traumatic *Haemophilus influenzae* endophthalmitis (letter), 497

**Hemorrhage**

Acute closed-angle glaucoma complicating hemorrhagic choroidal detachment associated with parenteral thrombolytic agents (letter), 752

Balancing the benefits and risks of intracameral thrombin (editorial), 485

Expulsive choroidal hemorrhage following suture removal after penetrating keratoplasty (letter), 99

Filtering bleb thrombolysis with tissue plasminogen activator (letter), 624

Intraocular lens implantation following expulsive choroidal hemorrhage, 261

Occult suprachoroidal hemorrhage and posterior scleral rupture (letter), 358

Posterior chamber hemorrhage during strabismus surgery (letter), 634

Visual loss caused by subretinal hemorrhage and rupture of Bruch's membrane after digital ocular massage (letter), 493

**Herpes zoster ophthalmicus**

Successful treatment of postherpetic neuralgia with capsaicin (letter), 758

**Hibiclens**

Corneal edema related to accidental Hibiclens exposure, 210

**Histiocytoma**

Fibrous histiocytoma of the corneoscleral limbus and conjunctiva, 579

**Human immunodeficiency virus**

Adequacy of the ELISA test for screening corneal transplant donors, 463

Brainstem ocular motility defects and AIDS, 437

Ocular syphilis in patients with human immunodeficiency virus infection, 1

Response of human immunodeficiency virus-associated uveitis to zidovudine, 7

**Hyphema**

Acute primary closed-angle glaucoma associated with hyphema (letter), 353

Afferent pupillary defect caused by hyphema (letter), 352

Intraocular pressure increase associated with epsilon-aminocaproic acid therapy for traumatic hyphema, 383

Traumatic hyphema in a defined population, 123

**Hypotony**

Repeated fluid-gas exchange for hypotony after vitreoretinal surgery for proliferative vitreoretinopathy, 147

## I

**Imipenem**

Topical imipenem therapy of aminoglycoside-resistant *Pseudomonas* keratitis in rabbits, 77

**Immunology**

Corneal allograft rejection following immunization, 575

**Indomethacin**

Treatment of scleritis with combined oral prednisone and indomethacin therapy, 473

**Infants**

Congenital idiopathic microcoria, 590

Infantile glaucoma in Down's syndrome (trisomy 21) (correspondence), 638

Retinal folds in the shaken baby syndrome, 423

Superotemporal coloboma of the iris, ciliary body, and choroid (letter), 506

**Injuries**

After-shave spray keratitis (letter), 756

Corneal edema related to accidental Hibiclens exposure, 210

Keratitis induced by skin polish (letter), 104

Ocular perforation from a retrobulbar injection, 35

Retained ocular gunpowder (letter), 762

Soda pop top ophthalmopathy (letter), 761

Traumatic *Haemophilus influenzae* endophthalmitis (letter), 497

**Intraocular lenses**

Accuracy of lens power calculations with the biconvex and meniscus intraocular lenses, 613

Complications of intraocular lenses placed backward in the anterior chamber (letter), 631

Intraocular lens implantation following expulsive choroidal hemorrhage, 261

Variables associated with ultraviolet transmittance measurements of intraocular lenses, 256

Visual results after keratoplasty in patients with posterior chamber intraocular lenses, 72

**Intraocular pressure**

Comparative efficacy of the  $\beta$ -blockers for the prevention of increased intraocular pressure after cataract extraction, 168

Correlation between color vision and highest intraocular pressure in glaucoma patients, 397

A double-masked study of timolol and pilocarpine combined (correspondence), 369

Enhancement of the ocular hypotensive effect of acetazolamide by diflunisal, 332

Intraocular pressure increase associated with epsilon-aminocaproic acid therapy for traumatic hyphema, 383

Intraocular pressure response to replacing pilocarpine with carbachol (letter), 747

Intraocular pressure response to topical dexamethasone as a predictor for the development of primary open-angle glaucoma, 607

Long-term reduction of intraocular pressure after repeat argon laser trabeculoplasty, 312

Oculab Tono-Pen, Goldmann applanation tonometry, and pneumatic tonometry for intraocular pressure assessment in gas-filled eyes, 174

**Iridocyclitis**

Acute unilateral toxoplasmic iridocyclitis in an AIDS patient (letter), 740

Aqueous flare and cell meter in iridocyclitis (letter), 487

**Iris**

Hepatic metastases of diffuse iris melanoma 17 years after enucleation (letter), 749

Iris suture hook for pupillary dilation in vitreoretinal surgery (letter), 743

Superotemporal coloboma of the iris, ciliary body, and choroid (letter), 506

The treatment of an enlarged sarcoid iris nodule with injectable corticosteroids (letter), 365

**Ischemia**

Ocular ischemic syndrome secondary to carotid artery dissection (letter), 750

Optic disk size in ischemic optic neuropathy, 587

Progression of visual defects in ischemic optic neuropathy, 199

Progressive and recurrent nonarteritic anterior ischemic optic neuropathy, 443

## J

**Jackson, Edward**

Management of anterior and posterior proliferative vitreoretinopathy. XLV Edward Jackson memorial lecture, 519

## K

**Keratitis**

After-shave spray keratitis (letter), 756

Comparison of acridine orange and Gram stains in bacterial keratitis, 735

Fungal keratitis in contact lens wearers, 708

Keratitis induced by skin polish (letter), 104

Photomicrography of *Acanthamoeba* cysts in human cornea (letter), 628

Topical imipenem therapy of aminoglycoside-resistant *Pseudomonas* keratitis in rabbits, 77

Use of collagen corneal shields in the treatment of bacterial keratitis, 279

**Keratoconjunctivitis**

Corneal calcification in dry eye disorders associated with retinoic acid therapy (letter), 753

Diagnostic tests in patients with symptoms of keratoconjunctivitis sicca, 570

Epidemic keratoconjunctivitis associated with blepharoptosis (letter), 360

**Keratoconus**

Keratoconus and ocular massage (letter), 757

**Keratometry**

Calibration of the Terry keratometer (letter), 500

**Keratopathy**

Suramin keratopathy, 216

**Keratoplasty**

The effect of suture removal on postkeratoplasty astigmatism (correspondence), 507

Visual results after keratoplasty in patients with posterior chamber intraocular lenses, 72

**L****Lacquer cracks**

The development of lacquer cracks in pathologic myopia, 282

**Lacrimal apparatus**

Allergic lacrimal obstruction, 48

Lacrimal anomalies in Brachmann-de Lange's syndrome (letter), 235

Lacrimal intubation during dacryocystorhinostomy (letter), 635

Nasolacrimal drainage system obstruction after orbital decompression, 204

Recurrent lacrimal abscess caused by *Eikenella corrodens* (letter), 237

**Laser**

Ab interno sclerostomy with a high-powered argon endolaser, 391

Argon laser endophotocoagulator closure of cyclo-dialysis clefts (letter), 748

The effect of repeat argon laser trabeculoplasty, 682

Histopathologic findings after Nd:YAG transscleral cyclophotocoagulation (letter), 100

Long-term reduction of intraocular pressure after repeat argon laser trabeculoplasty, 312

Neodymium:YAG laser for the treatment of encapsulated blebs after filtration surgery (letter), 232

Recurrent nanophthalmic uveal effusion syndrome following laser trabeculoplasty (letter), 234

**Levobunolol**

Comparative efficacy of the  $\beta$ -blockers for the prevention of increased intraocular pressure after cataract extraction, 168

**Listeria sp.**

Necrotizing ring ulcer of the cornea caused by exogenous *Listeria monocytogenes* serotype IV b infection (letter), 105

**Low-vision aids**

Visual results with low-vision aids in age-related macular degeneration, 730

**M****Macula**

Central sparing in annular macular degeneration, 286

Immunohistochemical evidence of heterogeneity in macular corneal dystrophy, 65

Methenamine-silver staining in macular corneal dystrophy (letter), 630

Pseudoinflammatory macular dystrophy, 154

A review of 324 cases of idiopathic premacular gliosis, 533

Visual results with low-vision aids in age-related macular degeneration, 730

**Melanoma**

Counseling the patient with a posterior uveal melanoma (editorial), 88

Diffuse uveal melanoma in a 5-year-old child, 601

Failure of preenucleation radiation to decrease uveal melanoma mortality, 21

Hepatic metastases of diffuse iris melanoma 17 years after enucleation (letter), 749

Paraneoplastic night blindness with malignant melanoma, 307

**Meningioma**

The management of optic nerve sheath meningiomas, 450

**Metabolic disorders**

Pattern dystrophy of the retinal pigment epithelium in a patient with McArdle's disease (letter), 741

**Microscopy**

A contact lens for specular microscopic observation (letter), 627

Photomicrography of *Acanthamoeba* cysts in human cornea (letter), 628

**Miosis**

Congenital idiopathic microcoria, 590

**Mydriasis**

Thymoxamine reverses phenylephrine-induced mydriasis, 251

**Myopia**

The development of lacquer cracks in pathologic myopia, 282

**N****Neonates**

Source of the conjunctival bacterial flora at birth and implications for ophthalmia neonatorum prophylaxis, 458

**Neovascularization**

- Cryopexy of the vitreous base in the management of peripheral uveitis, 135
- Optic disk neovascularization and retinal vessel diameter in diabetic retinopathy, 131
- Optic disk neovascularization and rubeosis iridis after surgical resection of the optic nerve (letter), 231

**Nephropathy**

- Bilateral anterior uveitis and interstitial nephritis (correspondence), 766

**Night blindness**

- Paraneoplastic night blindness with malignant melanoma, 307

**Nystagmus**

- Treatment of acquired nystagmus with botulinum A toxin, 584

**O****Obituaries**

- Linksz, Arthur 1900-1988 (ALPAR, J. J.), 114
- Pischel, Dohrmann Kaspar 1895-1988 (SPENCER, W. E.), 642
- Worthen, David M. 1936-1988 (GAASTERLAND, D. E., and WORTHEN, G. B.), 375

**Oblique muscle**

- Bilateral superior oblique muscle palsy associated with Apert's syndrome, 337
- The diagnosis and treatment of bilateral masked superior oblique palsy (correspondence), 371
- Vertical abnormal retinal correspondence in three patients with congenital absence of the superior oblique muscle, 341

**Ocular motility**

- Brainstem ocular motility defects and AIDS, 437

**Ocular toxicity**

- Anaphylaxis following oral fluorescein angiography (letter), 745
- Cyanide poisoning victims as corneal transplant donors (letter), 354
- Suramin keratopathy, 216
- Use of ophthalmic medications in pregnant and nursing women, 616

**Open-angle glaucoma**

- Intraocular pressure response to topical dexamethasone as a predictor for the development of primary open-angle glaucoma, 607
- Isolating the color vision loss in primary open-angle glaucoma, 686

**Ophthalmia neonatorum**

- Source of the conjunctival bacterial flora at birth and implications for ophthalmia neonatorum prophylaxis, 458

**Ophthalmopathy**

- Soda pop top ophthalmopathy (letter), 761

**Optic atrophy**

- Optic atrophy in children, 191
- Optic atrophy in primary oxalosis (letter), 96

**Optic disk**

- Optic disk drusen and pseudotumor cerebri (letter), 95
- Optic disk neovascularization and retinal vessel diameter in diabetic retinopathy, 131
- Optic disk neovascularization and rubeosis iridis after surgical resection of the optic nerve (letter), 231
- Optic disk size in ischemic optic neuropathy, 587
- Variability and reproducibility of optic disk topographic measurements with the Rodenstock Optic Nerve Head Analyzer, 696

**Optic nerve**

- Effect of intravitreal liquid silicone on optic nerve function, 293
- The management of optic nerve sheath meningiomas, 450
- Optic disk neovascularization and rubeosis iridis after surgical resection of the optic nerve (letter), 231
- Progressive visual loss caused by an arachnoidal brain cyst in a patient with an optic nerve coloboma, 322

**Optic neuropathy**

- Irregular pupil cycling as a characteristic abnormality in patients with demyelinating optic neuropathy (correspondence), 370
- Optic disk size in ischemic optic neuropathy, 587
- Progression of visual defects in ischemic optic neuropathy, 199
- Progressive and recurrent nonarteritic anterior ischemic optic neuropathy, 443

**Orbit**

- Echographic characteristics of benign orbital schwannomas (neurilemmomas), 194
- Late recurrence in primary orbital rhabdomyosarcoma (letter), 92
- Nasolacrimal drainage system obstruction after orbital decompression, 204
- Three-dimensional computed tomography in orbital osteoma (letter), 502

**Osteoma**

- Three-dimensional computed tomography in orbital osteoma (letter), 502

**Oxalosis**

- Optic atrophy in primary oxalosis (letter), 96

**P****Papilledema**

- Enlargement of the blind spot caused by papilledema (correspondence), 373

***Pasteurella* sp.**

Ocular infections secondary to *Pasteurella multocida* (letter), 361

**Penetrating keratoplasty**

*Citrobacter diversus* endophthalmitis following penetrating keratoplasty (letter), 632

Expulsive choroidal hemorrhage following suture removal after penetrating keratoplasty (letter), 99

The risk of cytomegalovirus transmission by penetrating keratoplasty (correspondence), 238

**Perfluoropropane**

Intraoperative perfluorocarbon liquids in the management of proliferative vitreoretinopathy, 668

Success and complications of pneumatic retinopexy, 400

**Periphelebitis**

Acute frosted retinal periphelebitis, 27

**Phenylephrine**

Thymoxamine reverses phenylephrine-induced mydriasis, 251

**Photocoagulation**

Histopathologic findings after Nd:YAG transscleral cyclophotocoagulation (letter), 100

Optic disk neovascularization and retinal vessel diameter in diabetic retinopathy, 131

Transient severe visual loss after panretinal photocoagulation, 298

**Pilocarpine**

A double-masked study of timolol and pilocarpine combined (correspondence), 369

Intraocular pressure response to replacing pilocarpine with carbachol (letter), 747

**Posterior chamber**

Posterior chamber hemorrhage during strabismus surgery (letter), 634

Visual results after keratoplasty in patients with posterior chamber intraocular lenses, 72

**Prednisone**

Treatment of scleritis with combined oral prednisone and indomethacin therapy, 473

**Proliferative vitreoretinopathy**

Clinicopathologic correlation of pigmented epiretinal membranes, 536

Intraoperative perfluorocarbon liquids in the management of proliferative vitreoretinopathy, 668

Management of anterior and posterior proliferative vitreoretinopathy. XLV Edward Jackson memorial lecture, 519

Repeated fluid-gas exchange for hypotony after vitreoretinal surgery for proliferative vitreoretinopathy, 147

***Pseudomonas* sp.**

Comparison of acridine orange and Gram stains in bacterial keratitis, 735

Topical imipenem therapy of aminoglycoside-resistant *Pseudomonas* keratitis in rabbits, 77

Use of collagen corneal shields in the treatment of bacterial keratitis, 279

**Pseudotumor cerebri**

Optic disk drusen and pseudotumor cerebri (letter), 95

**Pterygium**

Conjunctival Z-plasty in the treatment of pterygium (letter), 355

Postoperative instillation of low-dose mitomycin C in the treatment of primary pterygium, 715

**Pupil**

Congenital idiopathic microcoria, 590

Irregular pupil cycling as a characteristic abnormality in patients with demyelinating optic neuropathy (correspondence), 370

**Q****Quinolones**

The potential use of quinolones in future ocular antimicrobial therapy (editorial), 227

**R****Radial keratotomy**

Ruptured globe after radial keratotomy (letter), 755

Topographic analysis and visual acuity after radial keratotomy, 692

Traumatic dehiscence of incisions seven years after radial keratotomy, 703

**Radiation therapy**

Failure of preenucleation radiation to decrease uveal melanoma mortality, 21

The management of optic nerve sheath meningiomas, 450

**Refraction**

Monocular diplopia accompanying ordinary refractive errors (correspondence), 369

**Retina**

Acute frosted retinal periphelebitis, 27

Electrophysiologic studies in birdshot chorioretinopathy, 430

Inherited retinal venous beading, 675

Iris suture hook for pupillary dilation in vitreoretinal surgery (letter), 743

Normal  $\alpha$ -L-fucosidase and other lysosomal enzyme activities in progressive cone dystrophy, 11

Normal  $\alpha$ -L-fucosidase and other lysosomal enzyme activities in progressive cone dystrophy (correspondence), 639

Optic disk neovascularization and retinal vessel diameter in diabetic retinopathy, 131

Repeated fluid-gas exchange for hypotony after vitreoretinal surgery for proliferative vitreoretinopathy, 147

Retinal folds in the shaken baby syndrome, 423

Retinal ultrastructural findings in cone degeneration, 405

- Unusual chorioretinal degeneration associated with sarcoidosis (letter), 490
- Vertical abnormal retinal correspondence in three patients with congenital absence of the superior oblique muscle, 341
- Visual acuities and dark-adapted thresholds of children with Bardet-Biedl syndrome, 561
- Retinal detachment**
- Management of anterior and posterior proliferative vitreoretinopathy. XLV Edward Jackson memorial lecture, 519
- Vitrectomy for retinal detachment associated with acute retinal necrosis, 426
- Retinal necrosis**
- Vitrectomy for retinal detachment associated with acute retinal necrosis, 426
- Retinal pigment epithelium**
- Pattern dystrophy of the retinal pigment epithelium in a patient with McArdle's disease (letter), 741
- Retinitis pigmentosa**
- Autosomal recessive pericentral pigmentary retinopathy, 551
- Clinical findings and common symptoms in retinitis pigmentosa (correspondence), 507
- Retinoblastoma**
- Predicting the risk of hereditary retinoblastoma (editorial), 346
- Retinochoroiditis**
- Acquired toxoplasmic infection as the cause of toxoplasmic retinochoroiditis in families (letter), 362
- Toxoplasmic retinochoroiditis as an emerging problem in AIDS patients (editorial), 738
- Retinoic acid**
- Corneal calcification in dry eye disorders associated with retinoic acid therapy (letter), 753
- Retinopathy**
- Autosomal recessive pericentral pigmentary retinopathy, 551
- Retinopexy**
- Success and complications of pneumatic retinopexy, 400
- Retinoschisis**
- Foveal retinoschisis associated with senile retinoschisis in a woman (letter), 107
- Rubeosis iridis**
- Optic disk neovascularization and rubeosis iridis after surgical resection of the optic nerve (letter), 231
- S**
- Sarcoidosis**
- Course and outcome of ocular sarcoidosis, 467
- The treatment of an enlarged sarcoid iris nodule with injectable corticosteroids (letter), 365
- Unusual chorioretinal degeneration associated with sarcoidosis (letter), 490
- Sarcoma**
- Late recurrence in primary orbital rhabdomyosarcoma (letter), 92
- Schwannoma**
- Echographic characteristics of benign orbital schwannomas (neurilemmomas), 194
- Sclera**
- Abnormal scleral findings in uveal effusion syndrome, 139
- Histopathologic findings after Nd:YAG transscleral cyclophotocoagulation (letter), 100
- Occult suprachoroidal hemorrhage and posterior scleral rupture (letter), 358
- Posterior chamber hemorrhage during strabismus surgery (letter), 634
- Predictors of scleral rupture and the role of vitrectomy in severe blunt ocular trauma, 105:253; correction, 640
- Scleral buckle**
- A technique for repairing strabismus after scleral buckling surgery (letter), 364
- Scleritis**
- Treatment of scleritis with combined oral prednisone and indomethacin therapy, 473
- Sclerostomy**
- Ab interno sclerostomy with a high-powered argon endolaser, 391
- Scotoma**
- Enlargement of the blind spot caused by papilledema (correspondence), 373
- Silicone**
- Effect of intravitreal liquid silicone on optic nerve function, 293
- Sinus**
- Ocular involvement in mycotic sinusitis caused by *Bipolaris* (correspondence), 240
- Strabismus**
- Posterior chamber hemorrhage during strabismus surgery (letter), 634
- A technique for repairing strabismus after scleral buckling surgery (letter), 364
- Subretinal fluid**
- A new instrument for monitored posterior transscleral drainage (letter), 498
- Suture**
- The effect of suture removal on postkeratoplasty astigmatism (correspondence), 507
- Expulsive choroidal hemorrhage following suture removal after penetrating keratoplasty (letter), 99
- Syphilis**
- Ocular syphilis in patients with human immunodeficiency virus infection, 1
- Unusual central chorioretinitis as the first manifestation of early secondary syphilis (correspondence), 110

**T****Tears**

Analysis of tear proteins in Graves' ophthalmopathy by high performance liquid chromatography, 186

Diagnostic tests in patients with symptoms of keratoconjunctivitis sicca, 570

**Thrombin**

Balancing the benefits and risks of intracameral thrombin (editorial), 485

Intracameral thrombin and the corneal endothelium, 414

**Thymoxamine**

Thymoxamine reverses phenylephrine-induced mydriasis, 251

**Timolol**

Comparative efficacy of the  $\beta$ -blockers for the prevention of increased intraocular pressure after cataract extraction, 168

A double-masked study of timolol and pilocarpine combined (correspondence), 369

**Tissue plasminogen activator**

Filtering bleb thrombolysis with tissue plasminogen activator (letter), 624

Tissue plasminogen activator in human aqueous humor and its possible therapeutic significance, 719

**Tonometry**

Oculab Tono-Pen, Goldmann applanation tonometry, and pneumatic tonometry for intraocular pressure assessment in gas-filled eyes, 174

**Toxoplasmosis**

Acquired toxoplasmic infection as the cause of toxoplasmic retinochoroiditis in families (letter), 362

Acute unilateral toxoplasmic iridocyclitis in an AIDS patient (letter), 740

Ocular toxoplasmosis in patients with the acquired immunodeficiency syndrome, 653

Toxoplasmic retinochoroiditis as an emerging problem in AIDS patients (editorial), 738

**Trabeculectomy**

Management of anterior chamber depth after trabeculectomy, 41

Management of anterior chamber depth after trabeculectomy (correspondence), 508

Management of anterior chamber depth after trabeculectomy (correspondence), 767

**Trabeculoplasty**

The effect of repeat argon laser trabeculoplasty, 682

Long-term reduction of intraocular pressure after repeat argon laser trabeculoplasty, 312

Recurrent nanophthalmic uveal effusion syndrome following laser trabeculoplasty (letter), 234

**Trauma**

Intraocular pressure increase associated with epsilon-aminocaproic acid therapy for traumatic hyphema, 383

Ocular hazards of rigid blade lawn trimmers (letter), 94

Predictors of scleral rupture and the role of vitrectomy in severe blunt ocular trauma, 105:253; correction, 640

Retinal folds in the shaken baby syndrome, 423

Traumatic dehiscence of incisions seven years after radial keratotomy, 703

Traumatic hyphema in a defined population, 123

**Trephine**

A centering device for the Hessburg-Barron vacuum trephine (letter), 633

**Tumor**

Combined viable composite grafting and eyelid sharing techniques to prevent blepharoptosis after extensive tumor excision, 53

Pleomorphic adenocarcinoma of ciliary epithelium simulating an epibulbar tumor, 595

**U****Ulcer**

Inferior corneal ulcers associated with palpebral vernal conjunctivitis (letter), 106

Necrotizing ring ulcer of the cornea caused by exogenous *Listeria monocytogenes* serotype IV b infection (letter), 105

**Ultrasound**

Echographic characteristics of benign orbital schwannomas (neurilemmomas), 194

Universal 35-mm camera mount for ophthalmic ultrasound units (letter), 763

**Uvea**

Abnormal scleral findings in uveal effusion syndrome, 139

Counseling the patient with a posterior uveal melanoma (editorial), 88

Diffuse uveal melanoma in a 5-year-old child, 601

Failure of preenucleation radiation to decrease uveal melanoma mortality, 21

Recurrent nanophthalmic uveal effusion syndrome following laser trabeculectomy (letter), 234

**Uveitis**

Bilateral anterior uveitis and interstitial nephritis (correspondence), 766

Course and outcome of ocular sarcoidosis, 467

Cryopexy of the vitreous base in the management of peripheral uveitis, 135

The effect of bromocriptine on anterior uveitis (letter), 488

Response of human immunodeficiency virus-associated uveitis to zidovudine, 7

Uveitis and diabetes mellitus, 17

**V****Venous beading**

Inherited retinal venous beading, 675

**Vernal conjunctivitis**

- Inferior corneal ulcers associated with palpebral vernal conjunctivitis (letter), 106

**Visual acuity**

- Topographic analysis and visual acuity after radial keratotomy, 692
- Visual acuities and dark-adapted thresholds of children with Bardet-Biedl syndrome, 561

**Visual-evoked potential**

- Effect of intravitreal liquid silicone on optic nerve function, 293

**Visual field**

- Quantifying visual field damage caused by cataract, 480
- The value of indices in the central and peripheral visual fields for the detection of glaucoma, 180

**Visual loss**

- Progression of visual defects in ischemic optic neuropathy, 199
- Progressive and recurrent nonarteritic anterior ischemic optic neuropathy, 443
- Progressive peripheral cone dysfunction, 557
- Progressive visual loss caused by an arachnoidal brain cyst in a patient with an optic nerve coloboma, 322
- A simple test for detection of monocular functional visual impairment (letter), 500
- Transient severe visual loss after panretinal photocoagulation, 298

- Visual loss caused by subretinal hemorrhage and rupture of Bruch's membrane after digital ocular massage (letter), 493

**Vitrectomy**

- Predictors of scleral rupture and the role of vitrectomy in severe blunt ocular trauma, 105:253; correction, 640
- Vitrectomy for retinal detachment associated with acute retinal necrosis, 426

**Vitreous**

- Cryopexy of the vitreous base in the management of peripheral uveitis, 135
- Iris suture hook for pupillary dilation in vitreoretinal surgery (letter), 743
- Repeated fluid-gas exchange for hypotony after vitreoretinal surgery for proliferative vitreoretinopathy, 147

**W****Werner's syndrome**

- Corneal metastatic calcification in Werner's syndrome, 221

**Z****Zidovudine**

- Response of human immunodeficiency virus-associated uveitis to zidovudine, 7

## ABSTRACT INDEX

### A

- Aging**  
Diabetic retinopathy and cardiovascular disease in type II diabetics, 772  
Macular hemorrhage in the aging eye: the effects of anticoagulants, 246
- Allergy**  
Allergic blepharoconjunctivitis due to phenylephrine, 647
- Amblyopia**  
Two year electrophysiology follow-up in quinine amblyopia, 116
- Angiography**  
Ocular lens dose in cerebral vascular imaging, 245
- Angiotensin-converting enzyme**  
Systemic effects resulting from topical ocular administration of SCH 33861, a novel ACE inhibitor ocular hypotensive agent, 647
- Antigen**  
HLA antigens in ocular tissues, 246
- Antihistamine**  
Antihistamines reverse blood-ocular barrier breakdown in experimental diabetes, 645
- Aspergillus sp.**  
Pulmonary aspergillosis and endophthalmitis. Complications of Cushing's syndrome, 513

### B

- Birdshot retinochoroidopathy**  
Cyclosporine in the treatment of birdshot retinochoroidopathy, 775
- Blepharoconjunctivitis**  
Allergic blepharoconjunctivitis due to phenylephrine, 647
- Blepharoptosis**  
Histological changes in congenital and acquired blepharoptosis, 378
- Blindness**  
Blindness following fat injections, 775  
Blindness from quinine toxicity, 118  
The relationship of brachiocephalic vessel atheroma to transient ischemia of the brain and retina, 775
- Blood-ocular barrier**  
Antihistamines reverse blood-ocular barrier breakdown in experimental diabetes, 645
- Botulinum toxin**  
Treatment of senile entropion with botulinum toxin, 377

### C

- Capsule**  
The human anterior lens capsule. An attempted chemical debridement of epithelial cells by ethylenediaminetetraacetic acid (EDTA) and trypsin, 512

### Capsulotomy

- Analysis of the need for secondary capsulotomy during a five-year follow-up, 773

### Cardiovascular effects

- Diabetic retinopathy and cardiovascular disease in type II diabetics, 772  
Neuro-ophthalmologic complications of cardiac catheterization, 119  
The relationship of brachiocephalic vessel atheroma to transient ischemia of the brain and retina, 775

### Cataract

- Analysis of the need for secondary capsulotomy during a five-year follow-up, 773  
Changing patterns of early complications in cataract surgery with new techniques. A surgical audit, 644  
Diabetic eye disease in Central Africa, 245  
Increased risk of cataract in patients receiving radiotherapy to the eye: a pilot study, 378  
Nutritional status in persons with and without senile cataract. Blood vitamin and mineral levels, 772

### Cefotaxime

- Single-dose cefotaxime intramuscularly cures gonococcal ophthalmia neonatorum, 645

### Children

- Do we need to measure the vision of children?, 648  
Optic neuritis in children and its relationship to multiple sclerosis. A clinical study of 21 children, 645  
Reoperation rate in adjustable strabismus surgery, 379

### Chlamydia sp.

- Neonatal chlamydial conjunctivitis, 377

### Choroid

- Two cases of primary bilateral malignant melanoma of the choroid, 244

### Cicatricial pemphigoid

- Immunofluorescent studies in ocular cicatricial pemphigoid, 117

### Coloboma

- Optic nerve coloboma associated with renal disease, 377

### Color vision

- Huematic. An automated scorer for the Farnsworth-Munsell 100-Hue test, 378  
Tandem array of human visual pigment genes at Xq28, 380

**Cone**

Cone cell-specific genes expressed in retinoblastoma, 120

**Congenital disorders**

Histological changes in congenital and acquired blepharoptosis, 378

**Conjunctiva**

Conjunctival incisions for trabeculectomy and their relationship to the type of bleb formation. A preliminary study, 119

**Conjunctivitis**

Neonatal chlamydial conjunctivitis, 377

**Contact lenses**

Light microscopical and scanning electron microscopical examinations of deposits on disposable constant wear lenses, 244

**Cornea**

Corneal transmission in whole human eyes, 378

Cyclosporine A treatment in four cases with corneal melting syndrome, 776

Successful engraftment of high-risk corneal allografts with short-term immunosuppression with cyclosporine, 246

**Cryotherapy**

Panretinal cryotherapy in neovascular disease, 512

**Cushing's syndrome**

Pulmonary aspergillosis and endophthalmitis. Complications of Cushing's syndrome, 513

**Cyclosporine**

Cyclosporine A treatment in four cases with corneal melting syndrome, 776

Cyclosporine in the treatment of birdshot retinochoroidopathy, 775

Successful engraftment of high-risk corneal allografts with short-term immunosuppression with cyclosporine, 246

**D****Diabetes**

Antihistamines reverse blood-ocular barrier breakdown in experimental diabetes, 645

Plasma lipids and plasma lipoproteins in diabetics with and without proliferative retinopathy, 116

Viscodelamination at the vitreoretinal juncture in severe diabetic eye disease, 512

**Diabetic neuropathy**

Regeneration and repair of myelinated fibers in sural-nerve biopsy specimens from patients with diabetic neuropathy treated with sorbinil, 774

**Diabetic retinopathy**

Diabetic eye disease in Central Africa, 245

Diabetic retinopathy after two years of intensified insulin treatment, 379

Diabetic retinopathy and cardiovascular disease in type II diabetics, 772

Diabetic retinopathy in Mexican Americans and non-Hispanic whites, 645

**Diphenhydramine**

Antihistamines reverse blood-ocular barrier breakdown in experimental diabetes, 645

**E****Education**

Eye care and the medical student. Where should emphasis be placed in undergraduate ophthalmology?, 647

**Electrophysiology**

Two year electrophysiology follow-up in quinine amblyopia, 116

**Endophthalmitis**

Pulmonary aspergillosis and endophthalmitis. Complications of Cushing's syndrome, 513

**Entropion**

Treatment of senile entropion with botulinum toxin, 377

**Enucleation**

Cobalt plaque versus enucleation for uveal melanoma. Comparison of survival rates, 644

**Epiretinal membrane**

Growth and contractility of cells from fibrocellular epiretinal membranes in primary tissue culture, 118

**Epithelium**

The human anterior lens capsule. An attempted chemical debridement of epithelial cells by ethylenediaminetetraacetic acid (EDTA) and trypsin, 512

**Eye dominance**

Patterns of eye-hand dominance in baseball players, 775

**F****Fluorescein angiography**

Corneal transmission in whole human eyes, 378

Fluorescein angiography of anterior uveal melanocytic tumours, 377

**G****Genetics**

Abnormalities in structure and expression of the human retinoblastoma gene in SCLC, 515

Absence of TGF- $\beta$  receptors and growth inhibitory responses in retinoblastoma cells, 120

A case of synovial sarcoma with abnormal expression of the human retinoblastoma susceptibility gene, 514

Cone cell-specific genes expressed in retinoblastoma, 120

Diabetic retinopathy in Mexican Americans and non-Hispanic whites, 645

The eye and inherited metabolic disease: a review, 245

Eye disease linked to mitochondrial gene defect, 646

- Familial uveal melanoma, 244  
Optic nerve coloboma associated with renal disease, 377  
Restriction endonuclease analysis of leukocyte mitochondrial DNA in Leber's optic atrophy, 774  
Tandem array of human visual pigment genes at Xq28, 380  
Trisomy 6p in an ocular melanoma, 513

**Glaucoma**

- Comparative evaluation of oculokinetic perimetry and conventional perimetry in glaucoma, 244  
Conjunctival incisions for trabeculectomy and their relationship to the type of bleb formation. A preliminary study, 119  
Ocular hypertension. A prospective twenty-year follow-up study, 116

**Glioma**

- Treatment response in malignant optic glioma of adulthood, 514

**H****Hemorrhage**

- Macular hemorrhage in the aging eye: the effects of anticoagulants, 246

**Herpes simplex**

- Preliminary data suggest a role for bacterial superinfection of a viral keratitis after zosteriform spread of herpes simplex virus to the eye of the mouse, 648

**HLA**

- HLA antigens in ocular tissues, 246

**Hypertelorism**

- Ocular and periorbital anthropometry in the newborn, 513

**Hypertension**

- Ocular hypertension. A prospective twenty-year follow-up study, 116

**Hypoplasia**

- Localising patterns of optic nerve hypoplasia. Retina to occipital lobe, 118

**Hypotony**

- Surgical management of ocular hypotony, 378

**I****Immunology**

- Cyclosporine A treatment in four cases with corneal melting syndrome, 776

**Indomethacin**

- Indomethacin retinopathy. Case report and review, 513

**Infants**

- Clinical factors associated with retinopathy of prematurity, 512

**Injuries**

- Blindness following fat injections, 775  
On the management of retained airgun pellets. A survey of 11 orbital cases, 117

**Insulin**

- Diabetic retinopathy after two years of intensified insulin treatment, 379

**Intraocular lens**

- Analysis of the need for secondary capsulotomy during a five-year follow-up, 773  
Polycarbonate intraocular lenses, 773

**Intraocular pressure**

- Systemic effects resulting from topical ocular administration of SCH 33861, a novel ACE inhibitor ocular hypotensive agent, 647  
Therapeutic limitations of argon laser trabeculectomy, 245

**Ischemia**

- Ocular involvement in hemolytic-uremic syndrome, 379  
The relationship of brachiocephalic vessel atheroma to transient ischemia of the brain and retina, 775

**Ivermectin**

- Effect of single-dose ivermectin therapy on human *Onchocerca volvulus* infection with onchocercal ocular involvement, 772

**K****Keratitis**

- Preliminary data suggest a role for bacterial superinfection of a viral keratitis after zosteriform spread of herpes simplex virus to the eye of the mouse, 648

**L****Laser**

- Therapeutic limitations of argon laser trabeculectomy, 245

**Leber's optic atrophy**

- Restriction endonuclease analysis of leukocyte mitochondrial DNA in Leber's optic atrophy, 774

**Lens**

- The human anterior lens capsule. An attempted chemical debridement of epithelial cells by ethylenediaminetetraacetic acid (EDTA) and trypsin, 512  
Ocular lens dose in cerebral vascular imaging, 245

**Levator palpebrae superioris muscle**

- Histological appearances of the levator palpebrae superioris muscle in Marcus Gunn phenomenon, 117

**Lymphoma**

- Intraocular involvement of T and B cell lymphomas, 118

**M****Macula**

- Macular hemorrhage in the aging eye: the effects of anticoagulants, 246  
The nasotemporal division in primate retina. The neural bases of macular sparing and splitting, 119

**Maculopathy**

Medjugorge maculopathy, 246

**Magnetic resonance imaging**

Chronic unilateral optic neuropathy. A magnetic resonance study, 772

The one-and-a-half syndrome. Clinical correlation with a pontine lesion demonstrated by nuclear magnetic resonance imaging in a case of multiple sclerosis, 644

**Marcus Gunn phenomenon**

Histological appearances of the levator palpebrae superioris muscle in Marcus Gunn phenomenon, 117

The Marcus-Gunn phenomenon, 514

**Melanoma**

Cobalt plaque versus enucleation for uveal melanoma. Comparison of survival rates, 644

Familial uveal melanoma, 244

Fluorescein angiography of anterior uveal melanocytic tumours, 377

Regression of ocular melanoma metastatic to the liver after hepatic arterial chemoembolization with cisplatin and polyvinyl sponge, 646

Trisomy 6p in an ocular melanoma, 513

Two cases of primary bilateral malignant melanoma of the choroid, 244

**Metabolic disorders**

The eye and inherited metabolic disease: a review, 245

**Multiple sclerosis**

The one-and-a-half syndrome. Clinical correlation with a pontine lesion demonstrated by nuclear magnetic resonance imaging in a case of multiple sclerosis, 644

Optic neuritis in children and its relationship to multiple sclerosis. A clinical study of 21 children, 645

**Myopia**

Myopia and stature, 116

Radial keratotomy for simple myopia, 514

**Myositis**

Acute orbital myositis mimicking orbital cellulitis, 644

**N*****Neisseria* sp.**

Single-dose cefotaxime intramuscularly cures gonococcal ophthalmia neonatorum, 645

**Neonates**

Neonatal chlamydial conjunctivitis, 377

Ocular and periorbital anthropometry in the newborn, 513

Single-dose cefotaxime intramuscularly cures gonococcal ophthalmia neonatorum, 645

**Neovascularization**

Panretinal cryotherapy in neovascular disease, 512

**Nystagmus**

The rapid eye test to detect drug abuse, 515

The unequal nystagmus test, 773

**O****Ocular toxicity**

Blindness from quinine toxicity, 118

The rapid eye test to detect drug abuse, 515

Two year electrophysiology follow-up in quinine amblyopia, 116

**Onchocerciasis**

Effect of single-dose ivermectin therapy on human *Onchocerca volvulus* infection with onchocercal ocular involvement, 772

**Ophthalmia neonatorum**

Single-dose cefotaxime intramuscularly cures gonococcal ophthalmia neonatorum, 645

**Ophthalmoplegia**

The one-and-a-half syndrome. Clinical correlation with a pontine lesion demonstrated by nuclear magnetic resonance imaging in a case of multiple sclerosis, 644

**Optic atrophy**

Ocular involvement in hemolytic-uremic syndrome, 379

**Optic nerve**

Localising patterns of optic nerve hypoplasia. Retina to occipital lobe, 118

Optic nerve coloboma associated with renal disease, 377

Retinal astrocytes are immigrants from the optic nerve, 246

Treatment response in malignant optic glioma of adulthood, 514

**Optic neuritis**

Optic neuritis in children and its relationship to multiple sclerosis. A clinical study of 21 children, 645

**Optic neuropathy**

Chronic unilateral optic neuropathy. A magnetic resonance study, 772

Eye disease linked to mitochondrial gene defect, 646

**Orbit**

Acute orbital myositis mimicking orbital cellulitis, 644

On the management of retained airgun pellets. A survey of 11 orbital cases, 117

**P****Perimetry**

Comparative evaluation of oculokinetic perimetry and conventional perimetry in glaucoma, 244

**Phenylephrine**

Allergic blepharoconjunctivitis due to phenylephrine, 647

**Proliferative retinopathy**

Plasma lipids and plasma lipoproteins in diabetics with and without proliferative retinopathy, 116

**Pupil**

Histological appearances of the levator palpebrae superioris muscle in Marcus Gunn phenomenon, 117

The Marcus-Gunn phenomenon, 514

The rapid eye test to detect drug abuse, 515

**R****Radial keratotomy**

Radial keratotomy for simple myopia, 514

**Radiation therapy**

Cobalt plaque versus enucleation for uveal melanoma. Comparison of survival rates, 644

Increased risk of cataract in patients receiving radiotherapy to the eye: a pilot study, 378

Treatment response in malignant optic glioma of adulthood, 514

**Refraction**

Refractive changes from use of silicone oil in vitreous surgery, 380

**Retina**

Low retinal noise in animals with low body temperature allows high visual sensitivity, 774

The nasotemporal division in primate retina. The neural bases of macular sparing and splitting, 119

Ocular involvement in hemolytic-uremic syndrome, 379

The relationship of brachiocephalic vessel atheroma to transient ischemia of the brain and retina, 775

Retinal arteriolar changes in patients with hyperlipidemias, 379

Retinal astrocytes are immigrants from the optic nerve, 246

**Retinoblastoma**

Abnormalities in structure and expression of the human retinoblastoma gene in SCLC, 515

Absence of TGF- $\beta$  receptors and growth inhibitory responses in retinoblastoma cells, 120

A case of synovial sarcoma with abnormal expression of the human retinoblastoma susceptibility gene, 514

Cone cell-specific genes expressed in retinoblastoma, 120

**Retinopathy**

Indomethacin retinopathy. Case report and review, 513

**Retinopathy of prematurity**

Clinical factors associated with retinopathy of prematurity, 512

**Rubeosis iridis**

Panretinal cryotherapy in neovascular disease, 512

**S****Sarcoma**

A case of synovial sarcoma with abnormal expression of the human retinoblastoma susceptibility gene, 514

**Silicone oil**

Refractive changes from use of silicone oil in vitreous surgery, 380

**Sorbinil**

Regeneration and repair of myelinated fibers in sural-nerve biopsy specimens from patients with diabetic neuropathy treated with sorbinil, 774

**Statistics**

The insignificance of a probability value of  $P < 0.05$  in the evaluation of medical scientific studies, 646

**Strabismus**

Reoperation rate in adjustable strabismus surgery, 379

**T****Trabeculectomy**

Conjunctival incisions for trabeculectomy and their relationship to the type of bleb formation. A preliminary study, 119

**Trabeculoplasty**

Therapeutic limitations of argon laser trabeculoplasty, 245

**U****Uvea**

Cobalt plaque versus enucleation for uveal melanoma. Comparison of survival rates, 644

Familial uveal melanoma, 244

Fluorescein angiography of anterior uveal melanocytic tumours, 377

Trisomy 6p in an ocular melanoma, 513

**V****Visual field**

Comparative evaluation of oculokinetic perimetry and conventional perimetry in glaucoma, 244

Confidence intervals for change in automated visual fields, 773

**Visual screening**

Do we need to measure the vision of children?, 648

**Visual sensitivity**

Low retinal noise in animals with low body temperature allows high visual sensitivity, 774

**Vitamin**

Nutritional status in persons with and without senile cataract. Blood vitamin and mineral levels, 772

**Vitrectomy**

Viscodelamination at the vitreoretinal juncture in severe diabetic eye disease, 512

**Vitreous**

Refractive changes from use of silicone oil in vitreous surgery, 380
